

Hello,

The Michigan Association of Non-public Schools (MANS) is an association of faith-based Pre-K - 12 schools. MANS represents schools that are in Michigan's seven Catholic Dioceses, Lutheran Church Missouri Synod (LCMS), and Christian Schools International (CSI). For more than 45 years, MANS has been honored to serve its 400 plus member schools. In addition to our public policy and accreditation services, we host annual conferences and seminars offering professional development opportunities for administrators and teachers. Our largest event is the biannual Conference and Expo that hosts more than 2,000 teachers and administrators from Michigan's faith-based schools. The MANS Administrators' Conference brings together more than 200 administrators for professional development and reflection.

As the largest state association serving non-public schools, MANS seeks ways to connect its members to businesses that provide services to students, teachers and administrators. In the past, we primarily made those connections available at our conferences. You may have participated as a sponsor or an exhibitor at our Conference and Expo or Administrators' Conference. We thank you for your past support and hope you will join us again. While our conferences continue to be a wonderful place to make connections, we also know the importance of continued communications. In order to increase the services available to our members and provide more opportunities to connect vendors to our members, MANS created the Business Partnership Program.

We began creating the Business Partnership Program by surveying a number of businesses to determine what was important to them in a partnership with an association of schools. We learned that face to face time with our members was of highest priority to many businesses that work with MANS members. We created the Business Partnership Program based on the feedback we received from those survey results.

Please take a moment to look over the different business partnership options available. Please let us know if there is anything we can do to better accommodate your business relative to business partnership.

We look forward to establishing an ongoing relationship with your company.

We appreciate your past support of MANS and thank you for your consideration of becoming a MANS Business Partner.

Sincerely,

Brian Broderick
Executive Director

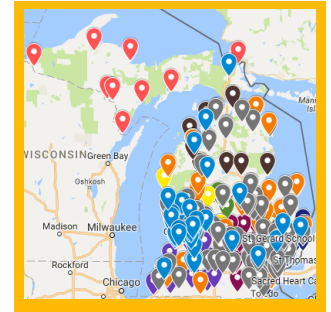

Molly Koll
Program Associate

MANS

Michigan Association of Non-public Schools
Representing Catholic, Lutheran Church-
Missouri Synod, and Christian Schools
International schools in the state of Michigan.

ALL ACROSS
THE STATE:

Public Policy

MANS advocates for the needs of faith-based schools at both the state and federal level.

MANS business partners benefit from this advocacy when our efforts result in additional funding and freedoms for these schools to explore the private market for their needs.

Accreditation

MANS provides nationally recognized accreditation services in partnership with the Michigan Non-public School Accrediting Association (MNSAA).

Business partners benefit from working with these highly accredited school systems to meet their needs in a variety of ways.

Innovative Solutions

MANS communicates with members through social media, monthly digital newsletters, and a quarterly business partnership highlight.

MANS works with business partners to form relationships between schools, their administrators, and businesses in the form of reciprocal memberships and discounts.

Professional Development

MANS hosts professional development events throughout the year, including two biennial conferences, with a focus on faith-based schools.

MANS business partners are part of each event and receive valuable time in front of our members.
